

go ID it

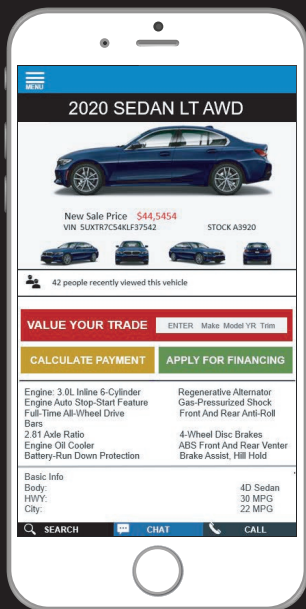

Your website becomes your virtual sales team

- No distancing issues
- Easy to use
- Better customer experiences
- Improves dealership efficiency

Eliminate your customers' fears so you can get back to business!

Get go ID it and sell more vehicles

www.goidit.com

**Supercharge the role your website plays
in converting shoppers into buyers**

Give your customers the distance and the self-shopping experience they want. The COVID19 crisis will forever change the way many things are done going forward. goDit provides you with a better way to service customers that also allows them to get comfortable visiting your dealership.

goDit is easy to use, requires virtually no training, and will help you sell more vehicles by improving your customers' experience.

Customers simply point the camera on their phone at the QR Code to go directly to the VDP for that vehicle on your website. We also provide you tracking on who is looking at which vehicles.

Contact us at contact@goidit.com or at 402-253-0077 to get started today!
